

HDPTC Healthy Heart Advocate (HHA) Program

Operational Policy Handbook

Program Philosophy

The HDPTC Healthy Heart Advocate (HHA) Program is a paid volunteer initiative designed to promote cardiovascular prevention through community blood pressure screening. Volunteers contribute to community health while receiving modest compensation based on screening activity.

Registration and Training Process

1. Go to <https://hdptc.org>
2. Click on 'International Portal'
3. Register as a member
4. After registration, proceed to the GABP Training portal
5. Select 'Healthy Heart Advocate (HHA) Training'
6. Complete the required training modules
7. Receive certification and HHA ID

Volunteer Role

Healthy Heart Advocates perform community screening activities including:

- Blood pressure measurement
- Recording screening data
- Encouraging medical follow-up
- Community heart health awareness

Compensation

HHAs are paid volunteers.

Compensation is \$0.10 USD per verified screening or local currency equivalent.

Data Submission

Screening data may be submitted via:

1. WhatsApp reporting format
2. HDPTC log sheet submission
3. Entry into the HDPTC RPM platform at an internet-enabled location
